ECU Curriculum Committee Meeting
State of California Building
Oakland, CA
"AMENDED" Minutes
August 31, 2006

Members Present: Al Tweltridge, Acting Chair, Dept. of Education
Luisa Martinez, DAS-ECU
Barry Noonan, CCCCCO

Guest Present:	Anne Quick	David Brooks
	Dan Whooley	Terry Seabury
	Dave Rowan, Chief DAS	Sherry Yarbrough
	Mel Switzer	Bill Campbell
	Greg Arcidiacono	Michael Geller
	Diana Limon	Don Dixon
	Kathleen Barber	

The meeting was called to order by the Chairman, Al Tweltridge.

Roll call and all members present.

The minutes for July 6, 2006 meeting were reviewed. Request made to revise/amend the minutes on the continuing education statement to read - continuing education requirement to allow organizations, for example, Helix and PG& E to provide continuing education courses with an emphasis on safety.

Approval for Education Providers Report

Barry Noonan reports that all applicants listed and all applications on the agenda are for General Electrician unless otherwise noted. All schools listed have had successful site visits except for Hartnell College and Ventura College. Hartnell College was not approved because site visit was cancelled by the college. The college will notify Barry when ready to proceed with the site visit and approval process. Ventura College is only doing lecture courses at this time all being taught at IBEW Training Center and not at the Ventura College. In order for Ventura College to teach any lab courses as far as program, they must have a site visit done and written approval from Barry.

College of the Sequoias (Visalia, CA) and College of the Sequoias/Associated Builders and Contractors of Central CA (Bakersfield, CA), an offsite location, were listed under "Part" Application and now changed to "Whole" application.

College of the Sequoias offer the same curricula and has an offsite location, but not a separate school #. San Diego City College #103 (*Approved for General Electrician, but not approved for Fire/Life Safety Technician Curriculum*) and #104 (*Approved for General Electrician and Fire/Life Safety Technician curriculum*), have two separate curricula and meets the crosswalk criteria.

If there are any approved school sites that provide Spanish courses or online courses, email Luisa so that it can be noted on the DAS website.

Continuing Education – Regs. 290.1 definition will be discussed during the Task Force meeting in the afternoon at 1:00 p.m..

No further discussion, the meeting was adjourned.

Respectfully Submitted,

Luisa Martinez
